

Teletab 17-24 è l'innovativa soluzione che permette di coniugare in un unico oggetto le tradizionali abitudini di comunicazione telefonica con le tecnologie più innovative.

Con Teletab 17-24 hai tutta la potenza di un tablet che, a casa o in ufficio, puoi utilizzare come un normale telefono (cornetta e tastiera numerica) e comunicare sia in modalità PSTN che VOIP e sia via cavo tradizionale che in rete locale e/o Wi-Fi.
